## CLEVELAND VISITS TILDEN.

Execution of Anarchists = Shocking  
Railroad Casualty—The Results  
of a Joke—Texas Tragedy.

## Meeting of the Statesmen.

New York, February 9.—President-elect Cleveland, accompanied by Daniel Manning, boarded a train at the Grand Central depot at 9 this morning and took a seat among the passengers. Cleveland was recognized as he passed through the depot, and railroad employees and many passengers made toward the car anxious to catch a glimpse of, and, if possible, shake hands with the President-elect. When the train arrived at Yonkers, Cleveland and Manning were received at the depot by Mr. Tilden's secretary, Mr. Smith. As Cleveland stepped from the car people about the station raised their hats and pressed forward to shake hands, but he was hurried to Tilden's coach, and the party was rapidly carried to Greystone, the residence of Tilden. The guests were welcomed by Tilden and his wife, and after a short general conversation, an adjournment was taken to the study, where the host and guests could converse free from interruption. At 2 dinner was announced. Tilden occupied the head of the table, with the President-elect on the right and Manning on the left. Nearly two hours were spent in the dining room. After a short walk about the grounds the gentlemen repaired to the study, where they spent the remainder of the afternoon.

Yonkers, February 9.—President-elect Cleveland, and Daniel Manning, remained at Greystone last night, as the guests of Governor Tilden. From early morning the Yonkers depot was packed by an anxious crowd eager to catch a glimpse of the party.

## Paid the Penalty.

LEWIS, February 8.—Sixty persons were admitted to witness the execution of the anarchists yesterday. Reinhardt, the first one beheaded, smoked cigars and hummed snatches of serenade songs before he was led to the place of execution. He was cool, unrepentant and self-possessed to the last. Having listened to the reading of the death warrant and been shown the Emperor's signature attached, he exclaimed: "Down with barbarism! Long live Anarchy!" He then bent his head to the block and was quickly dispatched. All traces of the execution were swiftly removed. Knechtel, completely broken down, was then led to the scaffold and in a few seconds paid the penalty. A detachment of soldiers with fixed bayonets were drawn up before the scaffold.

## Shocking Railroad Casualty.

CRISWOLD, Iowa, February 8.—A serious accident occurred about ten miles west of this place this afternoon. As a train on the Chicago, Burlington & Quincy railroad, number three, westward bound, approached a bridge across a small stream, they struck a broken rail and tilted along on the ties until they ran on the bridge which went down, carrying with it two coaches and a sleeper containing from twenty to twenty-five passengers. Following is a list of the killed: Robert Brown, Mount Pleasant, Iowa; Mrs. Powell, New Albany, Ind.; Mrs. W. C. Carroll, Saginaw, Colorado. Seven were injured.

## Joking Too Far.

LONDON, February 8.—Soldiers on guard last night saw a man advancing and commanded him to halt and give the countersign, but the stranger neither halted nor replied and attempted to walk past the guard line. A sentinel thereupon plunged his bayonet into the man's body killing him almost instantly. The occurrence in London was exaggerated into a sensational report that dynamite had made an attack on the arsenal. Investigation shows that the man attempting to run the guard was also a soldier and a comrade of the sentinel whom he had tried to annoy by a silly practical joke.

## A Texas Tragedy.

GALVESTON, Texas, February 8.—News Weatherford special: Two young men, Frank Fries and Frank B. Dorsey, were seriously stabbed last night by a man named H. M. Martin. Martin arrived on the midnight train with six children and his father and mother-in-law. Accosting Fries and Dorsey on the street, they directed the strangers to a hotel, where Martin, without provocation, plunged a dagger in the breast of each man. Martin was arrested this morning.

## Boiler Burst.

PEORIA, Ill., February 8.—Three boilers in the starch works of the Frazzich Manufacturing Company exploded this evening. The building which was badly demolished by the explosion caught fire and will probably be a total loss. Some boilers were thrown a distance of several blocks. Two men were missing, but it has been impossible as yet to make search for them.

## LIGHTNING FLASHES.

The condition of business is such that the minority in either house can easily force an extra session of Congress. Earl Grantville has told the Turkish envoy that the English, for political and financial reasons, would evacuate Egypt, but it was impossible to specify the date. The debts of the New Orleans Exposition amount to \$300,000. The committee will ask Congress to appropriate another half a million. Captain Bedford Pin, English navy, is in Galveston, inquiring into the feasibility of relieving commerce at that port by building a pier four miles in length to permanent deep water. Mexican Association, City of Mexico, has sent a second draft of \$10,000 to King Alfonso, for the benefit of the sufferers by the recent earthquake.

## THE LOCAL SITUATION.

## Judge Dusenberry Talks to a Chicago Reporter.

CHICAGO, February 9.—Judge W. N. Dusenberry and Dr. W. R. Pike, of Provo, Utah, were at the Palmer House today. They constitute a committee to investigate various insane asylums of the country, with the view to recommending the good features of the several State institutions, to the end that they may be incorporated in one Utah asylum at Provo. Judge Dusenberry, who is here to-day, and will then inspect the Kalamazoo institutions, journeying eastward until all the principal asylums have been examined, when the return trip will begin. Speaking of the Edmunds bill, Judge Dusenberry claimed that it was proving a great injury to the Mormons who were unable to secure justice in the courts on account of prejudiced jurors. The bill and its workings had engendered considerable ill feeling, and as a result business was demoralized and many of the residents of the Territory were contemplating an early removal to more favored locations. Residents hoped that general amnesty would be granted the Mormons who had contracted polygamous marriages previous to the passage of the Edmunds bill. This was the only relief which they expected, and failing in this, still greater demoralization of business might naturally be expected.

## ANOTHER REPORT.

CHICAGO, February 9.—A party of Mormons arrived here yesterday on a general tour of the east. All excepting W. N. Dusenberry and Dr. W. R. Pike, medical director of the insane asylum just completed in Utah, are traveling for pleasure. The latter will visit different asylums of the east. Regarding the Edmunds bill they said a very bitter feeling was being developed. It was impossible for Mormons to get a fair trial under it and many business men were leaving the Territory, causing general stagnation in business, but the people were not to be driven away. They will stay and fight it out, but there seemed no hope of the repeal of the law. It was claimed that great hardships arise from the raking up of offenses committed long ago by which several Mormons have been convicted. It was believed, the visitors said, that an amnesty bill for offenses committed before the passage of the Edmunds law will be passed by Congress, which would do away with the chief of the Mormon grievances just now. In general, however, it was confessed that the future gave no encouragement, and they were inclined to feel despondent over the outlook.

"Does President Taylor's and Bishop Sharp's recent visit to Mexico indicate the possibility of an exodus of the Mormon people from Utah?" one of the party was asked.

"No, sir. We are western men, born and bred in Utah Territory, or else have lived there most of our lives, and we will not be driven away from our homes and our lands. It is probable some few families may emigrate to Mexico, for Utah is getting to be over populated, and is slopping over, but the Territory is our home, we redeemed it from the wilderness and have grown with it, and we are not cowards enough to abandon it."

## China and Japan.

SAN FRANCISCO, February 8.—The steamer Rio Janeiro arrived this afternoon, bringing Hong Kong dates to January 9th and Yokohama to the 19th. The gunpowder works at Fatschan, fourteen miles from Canton, exploded on December 23d, killing 250 employees. The Korean government agreed to pay Japan, as indemnity for the outbreak against the Japanese and burning the Japanese legation, December 8th, 120,000 yen; also to punish all the leading rioters. It was stated that the negotiations were carried on through General Foote, United States minister at Seoul.

It is rumored at Tientsin that Russia will soon make another effort to annex Corea.
